## SUMMARY

A passionate and energetic engineer with a love for high quality code, great teams, good publicity and the bleeding edge.

Well versed in a variety of web development languages, frameworks & supporting systems.

Competent in a variety of other languages & frameworks, including iOS.

Excited about learning new things.

Confident communicator & public speaker.

## WORK

### *Loud Street Ltd. (2009-10)*

Co-founder of [Bloop](#).

Worked to develop ideas as a sole developer.

Eventually funded, worked with an intern and another senior developer in building the product as it stands today.

### *Streamwire - Total IT Solutions (2007)*

IT services division of [Serviced Office Group](#).

Worked alongside new IT director to manage inherited network infrastructure across multiple sites while providing front-line support to clients.

### *iFuse Technologies Ltd (2005 - 2007)*

Operations director at small web hosting company while somehow still in high school.

Oversaw sales & marketing, customer service and coordinated technical operations.

Company sold as founding directors left for University.

## PROJECTS

### *Computing Society*

President of the [University of Edinburgh Computing Society](#) (2009)

Refounded after being inactive, now with 100+ active members and a monthly unconference.

Still volunteering / fixing things.

## *Miscellaneous*

paytoseethat.com - A mechanical turk for daredevils (launching April 2011).

Volunteer administrator for the [Tardis Project](#) - a self-run UNIX computing service for students.

Publicity Secretary for [Edinburgh University Skydiving Club](#), putting 100 students on First Jump Courses this year.

[Lol, I drew this dragon](#) - A website about dragons which had 15 minutes of fame after being featured on College Humour (2009).

## EDUCATION

Computer Science undergraduate at University of Edinburgh.

International Baccalaureate Diploma with Maths, Physics & Business Studies Highers at Sevenoaks School, Sevenoaks.
